SUMMARY

Front-end Developer with a B.Sc. in Computer Science and hands-on experience in HTML, CSS, JavaScript, React, and WordPress. Built 6+ responsive web interfaces and delivered ThemeForest-approved templates and custom WordPress/Elementor sites, reducing page load times by 10% and boosting engagement by 20%. Skilled in creating user-focused solutions that enhance digital presence while collaborating effectively in Agile teams.

WORK EXPERIENCES

Newex Agency | Creative Web Design & Development Agency

Dhaka, Mirpur DOHS, Bangladesh

Jr. Frontend Developer (Promoted from Web Development Intern)

July 2024 – July 2025

- Developed and maintained 6+ responsive web interfaces using HTML, CSS, JavaScript, Tailwind CSS, and Bootstrap, reducing page load time by 10% and improving mobile usability scores.
- Designed and customized WordPress & Elementor websites (Top Expert Cleaner), enhancing client brand presence and reducing build time by 20%.
- Built an internal event management platform with Tailwind and JavaScript, enabling some users to create and manage events, streamlining company-wide event coordination.
- Managed and optimized product review datasets, introducing filtering and tagging features that increased user engagement by 15% and boosted conversions.

Web Development Intern

Jan 2024 – June 2024

- Assisted in developing interactive features using jQuery and Bootstrap, enhancing site usability.
- Developed Cargopoint template, approved on ThemeForest for meeting coding and UX standards.
- Supported client sites (Keylodge Living, Mobsmile, FRANKENDRIKAT) with responsive layouts and cross-browser fixes.
