ABOUT ME

A proficient front-end developer with a concentration in web development and a CSE degree. I have entry-level experience as a front-end developer specializing in HTML, CSS, React, and user interface design. Capable of recognizing opportunities to optimize the user experience and enhance front-end development. Additionally, I manage information by maintaining and analyzing product review data to improve user engagement and business insights.

WORK EXPERIENCE

UI Barn
Empowering Creativity Through Digital Assets

Dhaka, Mirpur DOHS, Bangladesh
Jan 2024 – Current

- Developed and maintained responsive, user-friendly web interfaces using HTML, CSS, JavaScript, Tailwind CSS, and Bootstrap for over 10 client websites and multiple in-house projects.
- Work on various client projects, ensuring high-quality web solutions tailored to business needs.
- Maintain, analyze, and update product review data to improve user engagement and optimize business solutions.
